

Closure of Cement Plant # 1

QNCC management has decided to close cement plant 1 with effect from 01/06/2016. Cement plant 1 started production in May 1969 and reached designed capacity of 300,000 M.T. clinker per year in 1976. Currently the capacity is estimated at 200,000 M.T. clinker per year and 140,000 M.T. cement per year.
